CHILDREN'S MESSAGE / SUNDAY SCHOOL LESSON

Bible Verses:

Romans 12:13 (first sentence) - Contribute to the needs of God's people ...

- Have you ever seen a person in a wheelchair? Did you feel scared or wonder what happened?
- Does anyone know somebody who can't see or hear very well?
- What about a person with an oxygen tank (with the little tubes that go in their nose!)?

Sometimes people just need a little help as they live their lives. It doesn't mean that they can't do anything! I bet that there are things that they can do really well - like color, or reading a book, or even playing catch!

When we are scared of someone because of how they look we might miss the great things that they can do. We might miss out on being their friend! We love our friends, don't we?

So today, when we talk about contributing (a big word that means give) what do you think that we can do?

- Give them help if they need it!
- Give them our friendship!
- Show them love, just like we do for everyone!
